

# 2015 WOS TRI-STATE EXECUTIVE FORUM AT COLUMBIA

LOW MEMORIAL LIBRARY ROTUNDA  
MONDAY, APRIL 27TH, 2015

## OVERVIEW

Workforce Opportunity Services (WOS), in partnership with the Society for Information Management (SIM) New York and Fairfield-Westchester chapters are putting together this unique event with sponsor proceeds supporting the WOS and SIM missions.

The WOS Tri-State Executive Forum at the Columbia will be a one-day, by invitation only gathering for the top IT Executives in the region. Our goal is to provide a unique perspective on future technology content, from both the practitioner and academic perspectives. It will also be a chance to network with your peers in a unique setting on the Columbia University campus.

This new community will share leadership skills, gain exposure into new best practices and hear from influential thought leaders on timely and important topics in the world of technology. Most importantly, we are helping to continue the WOS mission in assisting companies to build strong talent pipelines by providing underserved high school graduates and Veterans with unique career opportunities

## CURRICULUM

The agenda is developed in partnership with the Executive Leadership Team to deliver relevant, timely topics and skills that are critical for career success. Nominations are also considered from the participants of the event to truly make it an experience that is valuable for each attendee

## LOCATION

The WOS Tri-State Executive Forum will take place on the campus of Columbia University at the historic Low Memorial Library Rotunda. This venue has hosted major prize ceremonies including the Pulitzers and Bancrofts as well as hosting the World Leaders Forum.

## ATTENDEES

Participation is by invitation only and limited to CIOs, and top IT Executives at Fortune 500 and midsize organizations. Attendance is limited to 300 attendees
